MONSTER GAMES 2

PUPPETS TO PLAY WITH

INCREDIBLY
interactive games-installation
for children and adults

When the player become puppeteer manipulating stardust...
Funny characters, who seem to have stepped out from the imagination
of a modern Gepetto, are coming to life before our eyes.

Born from the assembly of varied materials,
THESE LIFE SIZED PUPPETS ARE BROUGHT TO LIFE ON THE THREAD OF DREAMS.

*"It's in the toupine's workshop that Simon Thorens has dreamt and created these metal puppets.
He was encouraged to remove the limits from his imagination, casting his shyness aside, to bring
to life these creatures."*
